

## **Role of the Going Green Officer**

The responsibilities of the Going Green Officer are focused primarily on, but are not limited to, environmental issues. As an officer one would work toward raising awareness of environmental issues within our district, local communities as well as globally. The representative would also help provide resources and strategies that our members can use to help them in their efforts to address environmental issues that impact, and are of importance to our members.

### Responsibilities of the Going Green Officer

1. Attend all scheduled Going Green Committee meetings, approximately six (6) during the school year.
2. Share relevant school successes and plans with the committee.
3. Share relevant school issues with the committee.
4. Inform the OTBU Executive on all matters related to the Going Green.
5. Promote and advance the cause of OSSTF and District 19 within the OTBU members.
6. Assist the OTBU President and the OTBU Executive in carrying out Federation duties.
7. Encourage all members to get involved Going Green projects.

### Role of the Going Green Committee

- To identify issues which are relevant to the environment;
- To assist in encouraging the understanding of these issues;
- To promote awareness of environmental issues; and
- To evaluate and research environmental issues and be proactive in these matters at the bargaining unit level.
